**PRODUCT NAME:** Rust

**COLLECTION:** Papercut

## DESCRIPTION

Introducing the Papercut Rug, a striking tribute to the modern, deconstructivist principles of the Bauhaus movement. Inspired by the ancient Chinese puzzle, the Tangram, this rug showcases printed, cut, and fragmented shapes that are carefully reconstructed into a unified and dynamic design.

In line with the Bauhaus ethos, which celebrated the fusion of art, craft, and design, Papercut brings together the search for balance between form, color, and functionality. The result is a visually compelling piece that reflects both creativity and avant-garde originality, making it an ideal addition to any modern interior.

Bold, deconstructed, and filled with expressive energy, the Papercut rug will add a contemporary touch of originality and artistic vision to your space.
